**Internship Title:** District Manager

**Major/Career Field:** Business, Merchandising, Sales

**Positions Available:** 1+

**Description:** Our ten-week paid internship (\$1,000/week) is your invitation to the culture, commitment and hard work it takes to succeed as a District Manager at ALDI. From Day 1, you'll be immersed in the inner workings of a successful and dynamic workplace. You'll be given real responsibility, real assignments and a real chance to show what you can do. By working with Store Managers, District Managers, Divisional Directors and even Vice Presidents, you'll learn everything from merchandising an entire store to national strategy.

**About Us:** For over 40 years, ALDI US has stuck to the same guiding principle: Great quality shouldn't come at a high price; rather, great quality should come with everyday low prices. Founded by the Albrecht family, the first ALDI store opened in 1961 in Germany, making ALDI the first discounter in the world. Headquartered in Batavia, Illinois, ALDI now has more than 2,000 stores across 36 states, employs over 25,000 people and has been steadily growing since opening its first US store in Iowa in 1976.

The no-frills grocery shopping experience focuses on customers first - delivering high quality food they're proud to serve their family, responsive customer service, everyday low prices and a quick-and- easy shopping experience with only four to five aisles and all the essentials. We carry the weekly must- haves and display them in their designed shipping boxes to help save time and resources to restock shelves. Shoppers will find more than 90 percent of the groceries we offer are under our ALDI exclusive brands, hand-selected by ALDI to ensure that our products meet or exceed the national brands on taste, quality and, of course, price. That means you don't have to worry about which ketchup brand or Greek yogurt brand is best, because we've specially curated the best product for you and your family. We can't promise you'll find ten choices of the same item, but we can promise you'll find the best one.

Additionally, we partner with a wide variety of growers – including some local farmers – to offer a wide variety of fresh, in-season produce, including organic fruits and vegetables. From USDA Choice meats to gluten-free and organic foods, we are committed to bringing our shoppers the highest quality products at the lowest possible prices.

# Atlanta Tipoff Club

**Internship Title:** Social Media Intern

**Major/Career:** Marketing, Communication

**Positions Available:** 1

**Description:** This position primarily will support the ATOC/Naismith Awards properties, with responsibilities ranging from day-to-day project management, event preparation, social media and membership, among other tasks. The intern should foster and maintain excellent working relationships with contacts in sports business, high school and college basketball, and the news media industries, as well as business partners and vendors.

**Knowledge, Skills, Abilities and Competencies:**

Must be highly organized, creative and multi-task oriented with excellent written and verbal communication skills. Must be able to work effectively in a high pressure and deadline oriented environment. Should possess a positive, energetic attitude and a knowledge and passion for sports, particularly basketball. Candidate should be familiar with the business of sports. Proficiency in Microsoft Word, PowerPoint and Excel required.

**About Us:**

The Atlanta Tipoff Club was founded in the late 1950's as a way for local basketball enthusiasts to share their love and enjoyment of basketball. The mission of the organization is to promote, develop and celebrate the sport in metro Atlanta and throughout the state of Georgia. The club's annual Naismith Awards recognize the top players and coaches in women's and men's basketball at the national, state and local level.

# Copper Run

**Internship Title:** Finance Intern

**Major/Career Field:** Finance, Accounting

**Positions Available:** 1

**Description:** As an intern you are a key member of our team and you are expected to make a personal impact right from the start. Our interns should expect to gain experience in a number of areas of investment banking not offered through traditional programs including sell-side work, buy-side work and business development. While a finance and accounting background fit well with our work, we've found the most successful candidates display motivation, hard work, a sense of accountability and a desire to contribute to Copper Run. Intern responsibilities include:

- Perform valuation analyses using various methodologies including discounted cash flow, trading comparables, transaction comparables and other methods
- Participate in various facets of sell-side advisory including assisting with preparing the Confidential Information Memorandum, assembling the buyer's list, and learning how to evaluate offers
- Play a key role in our buy-side advisory including learning how to find and evaluate opportunities that fit our clients' strategies
- Build detailed financial models to evaluate both buy-side and sell-side deals
- Prepare presentation materials for use in client meetings including strategic opportunities, M&A market updates and industry research

## **About Us:**

The founders of Copper Run believe the middle market is incredibly underserved when it comes to their investment banking needs. Many of our clients face unprecedented strategic opportunities or problems but lack the experience or resources to assess or to respond to it effectively. We are committed to delivering the highest level of service and results to our clients. We have more than \$11 billion of M&A transaction experience.

Copper Run was founded on the principles of honesty, integrity, hard work, and family. We believe those principles will be key in building and keeping lasting relationships with our clients and our community.

# eFuse

**Internship Title:** React Native Mobile Intern

**Major/Career Field:** Infrastructure Engineering, Social Media, Marketing

**Positions Available:** 1

**Description:** As a Mobile Software Engineering Intern at eFuse your work will delight gaming communities around the world by delivering an amazing experience through our mobile app. You will have opportunities to work on full-stack product development, including designing the mobile interface, connecting with various teams to bring designs to life, and powering it by integrating with the backend web services. We are looking for a talented intern who is passionate about creating amazing user experiences and is excited about building the next generation of gaming communities.

## **About Us:**

**Our Vision** - A prosperous gaming society for players and professionals. We define a prosperous gaming society as one in which gamers can forge their own path towards making their passion their career. We want to provide everyone the opportunity to make video-games or esports their profession.

**Our Mission** - To bring gamers and the gaming community together by providing opportunities without limits. In order for people to be able to see a path forward, we need to provide a path. eFuse brings the gaming community and industry together to provide an opportunity where there was none. We will help fill roles with exceptional talent in order to accelerate the growth of both the games and esports industries.

**Our How** - We connect individuals to opportunities by creating, maintaining, and updating world-class software as a service (SaaS) product. Our product does three things very well, it creates and aggregates opportunities, provides industry- leading insight into current events, and fosters community.

# Kayne Law

**Internship Title:** Pre-Law

**Major/Career Field:** Law

**Positions Available:** 1

**Description:** The Kayne Law Group internship is an in-person engagement. There is no specific background or major needed, but a strong interest in attending law school is encouraged and recommended. Job specifics include, working closely with attorneys in the office reviewing and negotiating legal documents, researching legal topics, drafting legal documents, and completing basic legal administrative tasks. Persons succeeding in the Kayne Group internship generally are self-starters, able to work in a fast paced team-oriented environment, have excellent attention to detail and possess strong communication skills (oral and written).

## **About Us:**

We had a mission to be different, right from the start. It still exists today and is as simple as this: relationships mean everything. Expertise, service, integrity, value and fairness should be a given. But it's the relationships we nurture with our clients – with everyone, for that matter – that define us. Those connections drive what we do, how we act and how we get things done.

There are a few quick things you should know about the group. First, we're more comfortable in jeans than a suit and tie. We work with our office doors open. Our floors aren't marble and our desks aren't mahogany. Those are just a few of the things that set us apart from other law firms.

Another big difference between us and our competitors? We don't evaluate our lawyers on their billable hours – ever. Instead, performance is measured by the only barometer that makes sense to us: are our clients satisfied?

It's this environment that attracted the majority of our team here from their big-firm commercial real estate and finance backgrounds. And more importantly, it's why our clients feel connected, protected and understood.

# Nationwide Children's Hospital

**Internship Title:** ENT

**Major/Career Field:** Medical

**Positions Available:** 1

**Description:** Students joining the Pediatric Otolaryngology team at Nationwide Children's Hospital can expect to spend time shadowing in the OR's and clinics. Students will also be assigned to a faculty-led research project and will assist with data collection, chart review, and manuscript preparation. Students should be independent workers with an interest in the medical field. We hope to offer an in-person experience this summer.

**About Us:**

At Nationwide Children's Hospital, our vision remains unchanged. We aspire to create the best outcomes for children everywhere. This means families come to Nationwide Children's from around the globe knowing they will get the highest quality care. It means we will reach to cure rare diseases. It means we will sequence a child's tumor to select the best care pathway. It means we will strive to make an entire population healthier, not just through their physical health, but also in their mental health. It means we will redefine the role of the children's hospital in the achievement of optimal health.

**Company Contact:**

**Tendy Chaing**

# Novvia

**Internship Title:** Software Development Intern

**Career Field:** Software Development

**Positions Available:** 1

**Description:** As a Software Development Intern at Novvia, you will have the opportunity to work on real-world problems and make meaningful contributions through both working with clients and helping to develop our portfolio of direct to consumer mobile applications. Your primary responsibility will be to collaborate with other members of the development team to learn and research best practices for application development, write and maintain code for tasks assigned to you, work on bug fixes, and other related tasks.

## **About Us:**

Novvia is a software development company that produces mobile and web applications. Novvia can help you get started. Using our expertise in Flutter and Firebase, Novvia can build a minimal viable product (MVP) mobile and web app to advance your business, venture or passion. All mobile apps are built to be compatible across platforms, such as Android (Google) and iOS (Apple). Novvia also develops and maintains a portfolio of our own direct-to-consumer mobile apps that we build and grow using the same skills and knowledge we employ for our clients.

# Ohio Justice Foundation

**Internship Title:** Summer Clerk

**Major/Career Field:** Open to all majors - most interested in students who have a demonstrated commitment to public service

**Positions Available:** 1

**Description:** Volunteers will be assigned to either OSLSA Columbus office, or to one of the rural offices in Marion, Newark, Chillicothe, New Philadelphia, Steubenville, Athens or Portsmouth. We have a particular need for students willing to work at one of our rural offices. With some variation depending on team/office placement, Clerks should expect to support attorneys and intake staff, interview clients, draft documents, conduct legal research (if a law student), engage in hearing/trial preparation, observe meetings, hearings and other court proceedings, and participate in community education activities.

## **About Us:**

The Ohio State Legal Services Association (OSLSA)—which includes the Legal Aid Society of Columbus (LASC), Southeastern Ohio Legal Services (SEOLS), and Ohio Poverty Law Center (OPLC)—is looking for dedicated, public-interest minded students to clerk for the 2020 calendar year. Both part-time and full-time positions are available.

OSLSA holds a deep commitment to its mission of pursuing justice and changing the lives of low-income individuals and families. Addressing this challenge requires an approach encompassing both direct representation of indigent individuals in civil legal matters and targeted policy advocacy intended to bring about large-scale change for the poor. LASC and SEOLS provide direct representation to low-income clients through Central and Southeastern Ohio in certain civil substantive areas, including housing, consumer, public benefits, education, domestic relations, tax, employment, record-sealing, and basic estate planning. OPLC advocates for evidence-based policies that protect and expand the rights of low-income Ohioans. In doing so, OPLC conducts research and engages in legislative and administrative advocacy related to access to healthcare, family stability, and expanding justice and opportunity.

## Ohio State Wexner Medical Center- Jameson Crane

**Internship Title:** Sports Medicine Intern

**Major/Career Field:** Sports Medicine

**Positions Available:** 1

**Description:** Gain experience in a wide range of healthcare including clinical and administration roles. The intern will work closely with the Director of Ambulatory Services for MSK (Hand, Orthopedics, Sports Medicine and Podiatry) services at The Ohio State Wexner Medical Center. Throughout the internship you will have the opportunity to network and gain exposure to a variety of areas in healthcare. Experience include but are not limited to clinical care, operating room, billing, compliance, surgical skills lab, marketing, outreach and human resources. The intern has the opportunity to customize your internship experience with the guidance and direction of the Director to increase your knowledge and exposure of all areas in healthcare.

### **About Us:**

The Jameson Crane Sports Medicine Institute is the Midwest's largest and most advanced sports medicine facility. Conveniently located just off State Route 315 at the Ackerman Road exit, it is the home of innovation and discovery in helping people improve their athletic performance, recover from injury and prevent future injuries. The 116,000-square-foot, state-of-the-art complex integrates research, teaching, clinical care and performance training under one roof.

Our research is focused on learning what causes athletic injuries, developing preventive interventions and enhancing how we get patients back to an active lifestyle. For instance, the work in our Motion Analysis and Performance Lab is a collaborative effort between engineers, athletic trainers, physical therapists, physicians and coaches to measure how athletes move. The Ohio State University Wexner Medical Center Surgical Skills Lab, opening in 2019, will provide a controlled environment for evaluating the latest products, advancing technical skills outside of the operating room and exploring innovative new procedures.

## Ohio State Wexner Medical Center – Wold Lab

**Internship Title:** Research Assistant

**Major/ Career Field:** Health Care, All science majors, with a prerequisite for basic biology and chemistry

**Positions Available:** 2

**Description:** The research assistant will conduct experiments in support of assigned research projects examining the cardiovascular involvement of e-cigarette usage, air pollution exposure, or Alzheimer disease. Responsible for ensuring consistency with established methodological approaches and models, adherence to project timelines, and completeness of scientific manuscripts. Utilize in vitro cardio myocyte isolation and analyses using IonOptix in conjunction with molecular biology techniques, DNA, RNA & protein isolation, q-PCR, immunoprecipitation, western blotting, immunohistochemistry and immunofluorescence to answer research questions. Strong motivation, high level of integrity and ethical standard, respect for laboratory members, ability to advance a project productively and work independently are required. Opportunity for presentation at research conferences and authorship in peer-reviewed journals.

### **About Us:**

Within the Wold Lab, our primary focus is the science of the heart, and our priorities are aligned by authenticity, integrity, loyalty, and respect. As a group of elite cardiologists, our mission and focus go beyond examining the mechanisms responsible for particulate matter-induced heart disease. That's why the Wold Lab has a reputation for "Never Skipping A Beat." We embody this motto on a daily basis in numerous ways. "We are a lab of A-team scientists," Dr. Wold frequently proclaims. His expectations hold the lab to a standard of seeing the bigger picture while also remaining detail oriented when working through the multiple steps of complex experiments. Simply put, we don't miss a thing.

### **Company Contact:**

## Ohio State Wexner Medical Center- Nutrition Patient Services

**Department:** Patient Foods

**Internship Title:** Nutrition Intern

**Career Field:** Nutrition, Food Services, Healthcare

**Positions Available:** 1

**Description:** This position would assist in daily business operations and long-term project development in a shared, support services department (Nutrition-Patient Food Services) at the Wexner Medical Center. Daily administrative duties could include; staffing allocation, training development and implementation, communication within multiple media platforms, and assisting in positive patient outcomes. Long term project development planning and implementation could include: front end vision casting sessions, industry best practice investigation, budget setting and adherence, training and implementation timelines, and post project data gathering for results.

### **About Us:**

Nutrition Services is a self-operated food and nutrition department. We offer personal nutrition counseling and group classes to help with diabetes, weight loss, weight management, obesity, kidney disease, kidney stones and other health conditions. Retail dining options are available at many locations across the medical center campus and in ambulatory settings. Healthy inpatient meals are provided to nourish patients during their stay at any OSU Wexner Medical Center hospital.

### **Company Contact:**

**Derrick Claprood**

Associate Director, Nutrition Services

Email: **[Derrick.Claprood@osumc.edu](mailto:Derrick.Claprood@osumc.edu)**

# Serif Creative

**Internship Title:** Operations Support Specialist

**Major/ Career:** Operations, Strategy, Finance, Accounting

**Positions Available:** 1

**Description:**

This role will report directly to Audrey Plant who oversees Agency Operations. The job duties will include:

- Improve operational management systems, processes and best practices
- Manage budgets and forecasts
- Perform quality controls and monitor production KPIs

**Internship Title:** Marketing Coordinator

**Major/ Career:** Marketing, Communication

**Positions Available:** 1

**Description:**

This role will report directly to Serif's Founder, Doug Joseph to help support the company's vision. The job duties will include:

- Help build and support Serif's content calendar
- Own and support multi-channel marketing
- Own and support paid and organic media

**About Us:**

At the heart of Serif, there is a desire to create connection. This was first established with Doug Joseph's indie film career, through his love of crafting narrative and igniting emotion.

As consumer brands started requesting Doug to create special content to help them reach their audience, a team began to collect to facilitate those requests, and Serif was formed.

That early spark has evolved into the assembly of a deeply collaborative agency model that enables our specialists to work in concert with our clients, creating truly compelling, hyper-connected content to make a genuine impact.

# The Up Company

**Internship Title:** Project Manager

**Major/ Career:** Marketing, Communication

**Positions Available:** 1

**Description:** Intern is responsible for managing our weekly publishing process across our network. This includes helping hosts come up with titles and descriptions, providing any information our audio engineer may need, coordinating with virtual assistants, and more. The intern is the front line of ensuring that we continue to publish everything on time and design a process for automating or outsourcing that process. By the end of the internship, the intern will have created a playbook for every step in the publishing processes across the upside network. The intern will have created Standard Operating Procedures (SOPs) that we can use to train future interns or virtual assistants to maintain the weekly publishing system.

**About Us:**

Historically, upside has published one weekly podcast. With that podcast came producing the episode, uploading it to our hosting provider, publishing an email newsletter, and sharing on social media. Now, we are launching a network of shows, so the process has grown 3x. Our project manager intern will help ensure nothing slips through the cracks and will design a process for making our weekly production smooth, automated, or outsourced.

# The Up Company

**Internship Title:** Newsletter Writer, Curator

**Major/ Career:** Marketing, Communication

**Positions Available:** 1

**Description:** Intern is responsible for writing consistent issues of our tech email newsletter. This newsletter will be sent weekly to a specific segment of our overall audience focused on one particular geography. Email contents may include curating existing news stories relevant to the local startup community, profiles of people within the community, or original content.

## **About Us:**

For years, upside has created a weekly podcast showcasing startup companies based in cities across the country. At this stage in the company's growth, we are focused on creating media outlets dedicated to specific communities. Our newsletter writers will learn their cities inside and out and showcase founders, investors, and community builders who have historically flown under the radar.
