

OHIO STATE ATHLETIC TRAINING

535 Irving Schottenstein Dr. | Columbus, Ohio 43210

TO: Visiting Athletic Trainers
FROM: Brad Watson, MS, AT
RE: Athletic Training and Medical Services available at Ohio State

Welcome to Ohio State University. I hope to make your visit to the Columbus area as trouble free as possible. The following is information and a list of services that will be available to you and your team upon arrival:

- For practice and shoot-around, the following supplies will be made available: AED, water, cups and injury ice. AEDs are accessible in the following locations: wall mounted outside the main athletic training room (will be out in arena for practices occurring there), wall mounted inside the men's basketball practice gym, and wall mounted inside the security office.
- The visiting locker room will have a separate area with a taping bench, treatment table, hydrocollator, ice, water, and cups. There should be plenty of room to tape at the Schottenstein Center if you choose to do so. If you require any modalities, please let me know in advance so I may help provide them to you in your team locker room.
- The main Athletic Training Room is located on the south side of the arena (behind the team benches). If you are not practicing on the main floor, the Practice Gym is located on the second level of the Schottenstein Center.
- On the bench for competitions, we will provide water, cups, ice, towels, basic first aid & biohazard supplies.
- A Primary Care Team Physician and/or Orthopedic Surgeon will be in attendance. Emergency Medical Services will be on-site for all competitions. For emergencies or diagnostic care, the OSU Medical Center is located less than one mile from the Schottenstein Center. Additional visiting team information can be found on our website <https://ohiostatebuckeyes.com/athletic-training/visiting-team-info/>.

If you have any questions or have other special requests, please feel free to contact me:
